

Join us and Stephen Post for a book launch and dialogue.

For more than 20 years, Stephen G. Post, Ph.D., has spread the science of giving and commitment to the greater good across the globe. Dr. Post lives and teaches the uplifting message that by giving to others, we become our fullest selves. He is the best-selling author of *Why Good Things Happen to Good People: How to Live a Longer, Happier Life by the Simple Act of Giving*. Dr. Post is the founding director of the Institute for Research on Unlimited Love and the founding director of the Center for Medical Humanities, Compassionate Care, and Bioethics at Stony Brook University in New York.

God and Love on Route 80 is an astonishing true story of faith, love, and destiny for everyone who suspects that our universe and encounters are more enchanting and meaning-filled than dry old materialism allows, or than narrow goals embrace.
